UltraPure
WATER QUALITY INC.

UPPHO - High Output UV Ozone Generators for swimming pools up to 85,000 gallons!

(Part# 1006125)

Some key benefits include:

- ✓ **Highest Ozone Output** – Highest Ozone output for a residential UV Ozone Generator
- ✓ **Reduced Air Draw** – Peak performance is achieved with a minimal air draw (2 cubic feet per hour!)
- ✓ **Simplified Pool Sizing** – Adequate for pools up to 85,000 gallons running 6 hours per day
- ✓ **Universal Voltage** – Automatically operates from 100-277V (50/60Hz) without opening the unit
- ✓ **Matched Components** – Optimal performance and reliability without component compromise
- ✓ **Ease of Maintenance** – Designed for ease of maintenance. Lamp replacement takes minutes
- ✓ **Warranty Duration** – The UPP H.O. comes standard with a 2 year pro-rated warranty
- ✓ **Authorized Service Dealers** – We have a nationwide network of trained Authorized Service Dealers
- ✓ **Company Reputation** – UltraPure Water Quality, Inc. has been manufacturing residential Ozone generators continuously since 1982. We are pioneers and market leaders in the industry and continue to improve upon the efficiency and reliability of our products. *Ozone is our ONLY business!*
