

UltraPure Water Quality, Inc. Announces New Ownership

Burlington, Ontario, Canada

Release: April 10, 2018. For Immediate Release

UltraPure Water Quality, Inc. (UWQ) would like to announce an ownership change. The 36 year old pool and spa equipment manufacturer has been purchased by long term managers Brian and Nancy Richardson. Brian and Nancy have a combined 41 years in the pool and spa industry and are excited to have the opportunity to grow the company under their leadership.

UltraPure Water Quality, Inc. (UWQ), previously Water Quality Management (WQM), was formed in 1982 by Barry Nelson, and has since been privately owned by Barry and his wife Lori. UltraPure Water Quality, Inc. is a leading North American manufacturer of UV based Ozone generators for the residential pool and spa industry, and has pioneered many of the current industry standards. Under new ownership the company plans to continue the advancement and ingenuity of Ozone in the marketplace.
